**New AMM Volunteer Robin Schroeder**

## Volunteer Joins Staff

Alliance welcomes new staff member Robin Schroeder as Saturday Clinic Nurse Manager and staff nurse. Robin, a registered nurse, has been a longtime, weekly volunteer in the clinic, triaging patients and helping the staff. In her new position, she will coordinate volunteers, both medical and clerical, for the Saturday Clinic and work as a staff nurse on weekdays. Robin and her husband Glenn live in Cary and have two children, ages 24 and 19. She first heard about Alliance through the Stephen Ministry at Cary First United Methodist Church.

*“Compassionate Medical Care for Our Working Neighbors”*

## AMM Welcomes New Board Member

Robert Herrington joined the Alliance Medical Ministry Board of Directors in January 2007. Robert is a first officer with American Airlines and a US Navy Reservist due for promotion to Captain this summer. Robert and his wife, Bonny, have been longtime supporters and we are thrilled with his commitment to the leadership and growth of Alliance. He feels that Alliance fills a definite need in our community and country, and wants to help further the services and programs currently provided.

## Hope and Healing Capital Campaign *Here We Grow Again*

Alliance Medical Ministry is in the midst of a capital campaign to raise funds for the purchase and renovation of a larger clinic facility located at 2500 New Bern Avenue (formerly Hope Fellowship Church), adjacent to our current clinic. The new location will allow us to greatly expand our services and programs for the growing number of working uninsured in our community.

We anticipate being able to provide more than 30,000 patient visits annually in the new facility. Increased operational support will be critical to the expansion of our services. Alliance expects a late summer move to our newly renovated space which will include 22 exam rooms with expansion of our Saturday clinic and urgent care services. In addition, the new facility provides space for tremendous expansion in our preventive medicine and health education programs. We would welcome an opportunity to give you a tour of our current and future sites for a firsthand view of our exciting programs.

## Tarheel of the Week

Alliance Medical Ministry's Executive Director, Dr. Susan Weaver was chosen as *The News and Observer Tarheel of the Week* for the February 18, 2007 Sunday edition. The article recognized Dr. Weaver for her dedication to helping the uninsured receive quality, affordable healthcare. "I want everyone to live a healthy life," she says. "They can't do it without access to basic care."

To read the entire article about Dr. Weaver or find out more information about Alliance, please visit our website at [www.alliancemedicalministry.org](http://www.alliancemedicalministry.org).

## 2007 Love Thy Neighbor Campaign

April will kick-off Alliance Medical Ministry's annual 2007 Love Thy Neighbor campaign to raise the operating funds necessary to run the clinic. This year's campaign will run through June, raising funds to support the services and programs currently provided for nearly 5,000 uninsured patients who, without Alliance, would not have access to affordable healthcare. **Please make your 2007 Annual Fund gift now** and help provide a medical home for the working uninsured in our community! Look for more information in the mail soon.

## Alliance Medical Ministry Angel Duo

Dr. Myra Teasley and Teresa (T.J.) Johnson have been devoted Alliance volunteers for several years. Dr. Teasley, a gynecologist with Mid-Carolina OBGYN in Raleigh, has been seeing Alliance patients in the clinic one afternoon a month since 2003. T.J., her medical assistant, who also works at Mid-Carolina, has been coming to Alliance with her since 2005. They make a great team and both have big, infectious smiles.

A member of Crossroads Fellowship church, Dr. Teasley lives in Raleigh with her husband Joe Dew and their nine-year-old son Bryson. She says her time at Alliance is very rewarding and “the patients are so grateful.” Alliance is grateful, too!

Teresa Johnson and Dr. Myra Teasley

T.J. has two grown sons, ages 27 and 24, and lives in Cary with her longtime partner, Floyd Smith. She says, “I love Alliance. It’s such a good feeling.” Dr. Teasley fondly notes that T.J. is “a very caring person, soothing to the patients.”

The AMM staff looks forward to their monthly Friday afternoon visits. Both women are a bright spot at the end of a long week and the staff says, “When we inadvertently overbook them, they never complain!”

Mid-Carolina OBGYN is a member of Project Access of Wake County, a safety net for low-income, uninsured and medically underserved citizens of Wake County. Project Access, sponsored by The Wake County Medical Society, links these citizens with private practice physicians, hospitals and coverage for medications. Three hundred eighty-five physicians have pledged medical services through Project Access.

## The Race of Grace Is Coming April 27-29

The Race of Grace is a community-wide fundraising event organized by the Raleigh District of the United Methodist Church. The 2007 proceeds will benefit Alliance Medical Ministry, Franklin County Volunteers and Open Door Clinic at Urban Ministries of Wake County. The weekend-long events include a 5K road race and walk, golf tournament and bike tour. For more information, please visit [www.raceofgrace.org](http://www.raceofgrace.org).

## Letter From The Executive Director

Dear Alliance Friends,

In early January, Alliance celebrated the end of our fourth year of clinical operations. The anniversary day was marked quietly by providing high-quality affordable primary medical care to 55 patients. I couldn’t help but remember back to our first day of operations, January 6, 2003, when we provided care for only eight patients. This remarkable growth in services is due to the generosity of each of you. Alliance has been richly blessed by tremendous support from our community, and it is with great pleasure that I share some of our 2006 accomplishments with you.

Since opening, Alliance has provided care for more than 30,000 patient visits. In 2006, more than 4800 patients received care with 11,104 clinical visits. Our volunteer base increased substantially, and more than 250 volunteers were actively involved in all aspects of clinic operations. A review of 2006 Project Access numbers indicates Alliance Medical Ministry is the largest primary care source of referrals for the indigent in our community. With the patient assistance program and an entirely volunteer staff, Alliance provided prescription medications valued at nearly \$500,000 to our patients at no cost to the patient.

Alliance demonstrated a more than 85% reduction in the inappropriate use of local emergency rooms for non-urgent medical care. In addition, Alliance was able to offer group and individual diabetes education classes, pastoral counseling, completely bilingual services, on-site lab services and referrals to hundreds of community providers for other diagnostic or subspecialty services. The Saturday clinic expanded and, with the use of volunteer providers, is now open each and every Saturday morning, providing the uninsured community with access to medical care at hours not traditionally available except through local emergency rooms.

These many accomplishments are only a few of the exciting things going on at Alliance. 2007 will bring another year of remarkable growth with our move this summer into a much larger facility adjacent to the current clinic. Renovations are set to begin in April on our new building. The additional space will allow Alliance to offer all of our wonderful services to many more uninsured patients in our community. Alliance will have the capacity to increase services over the next several years to provide care for more than 30,000 patient visits annually.

We have come a long way from those early clinic days in 2003. However, there still is much to be done as the number of uninsured patients in our community continues to increase. I hope you will enjoy reading about the growth in Alliance programs throughout this newsletter and consider how you might continue to play a role as we move into another year of operations.

Thank you for your generous support of our programs!

With gratitude,

Susan T. Weaver, M.D.

## Volunteers! Volunteers! Thank You! Thank You!

Alliance would like to express a big **thank you** to a group of **Greystone Baptist Church** volunteers, fondly called the “Greystone Demolishers.” These folks (listed below) worked very hard for two days cleaning out our new building, moving furniture, tearing out old carpet and removing doors, molding and trash. Amy Canosa and Kat Spangler, two Duke Divinity School interns working at AMM this semester, led the crew to a successful finish. Karen Brewer, the Greystone organizer and photographer, shared some of her photos taken that day.

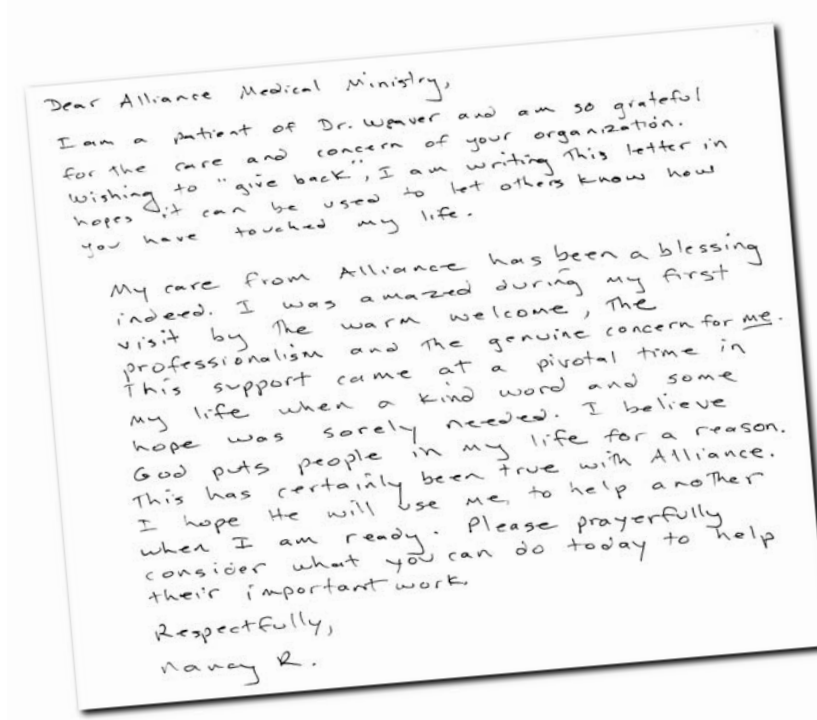

Alliance would also like to recognize the hard work of two church youth groups, a group from **Edenton Street United Methodist Church’s Discovery Weekend** for middle schoolers and the **Confirmation Class** from **White Memorial Presbyterian Church**. These groups helped bring new life to four old desks, sanding and painting them for use in our new building. Alliance is so grateful for all the caring community supporters who offer a helping hand for our struggling patients.

## Community Collaborations — A Partnership With the Boys and Girls Clubs of Wake County

One of the many wonderful aspects of the new Alliance facility is the opportunity for increasing our community partnerships. We are extremely pleased to have reached an agreement with the Boys and Girls Clubs of Wake County to jointly operate out of the gymnasium located on the Alliance campus. The Boys and Girls Clubs have provided youth development services to children and teens in our community since 1967; their mission is to inspire and enable all children, especially those from disadvantaged circumstances, to realize their potential as productive, responsible and caring citizens. Current Board chair Jim Scott says “our teen center, The Club, will very much benefit from the extension of Alliance health programs focused on teens, particularly in establishing healthy diet and exercise habits at this critical age.” Alliance is thrilled to work together with the Boys and Girls Clubs to greatly expand health education and wellness services to the medically underserved in our community.
